Made in Vietnam

X Inspires Us

The letter X we chose carries the meaning that:

- X stands for 10
- Our goal is to become one of the Top 10 Dental Laboratories in the world

stands for Top 10

Our Story

Founded in 2017, XDENT LAB has grown from a small local facility into a globally recognized company. With **TRUST** at the core of our journey, we have expanded from a team of just five into a thriving enterprise with two factories in Ho Chi Minh City and Kizuna Industrial Park, Vietnam. Today, with a team of over 100 technicians, we are proud of our expertise and capabilities in outsourced manufacturing for international dental lab partner.

2017

The Beginning

Established XDENT Dental Design Service – A CAD design center with 5 employees.

2019

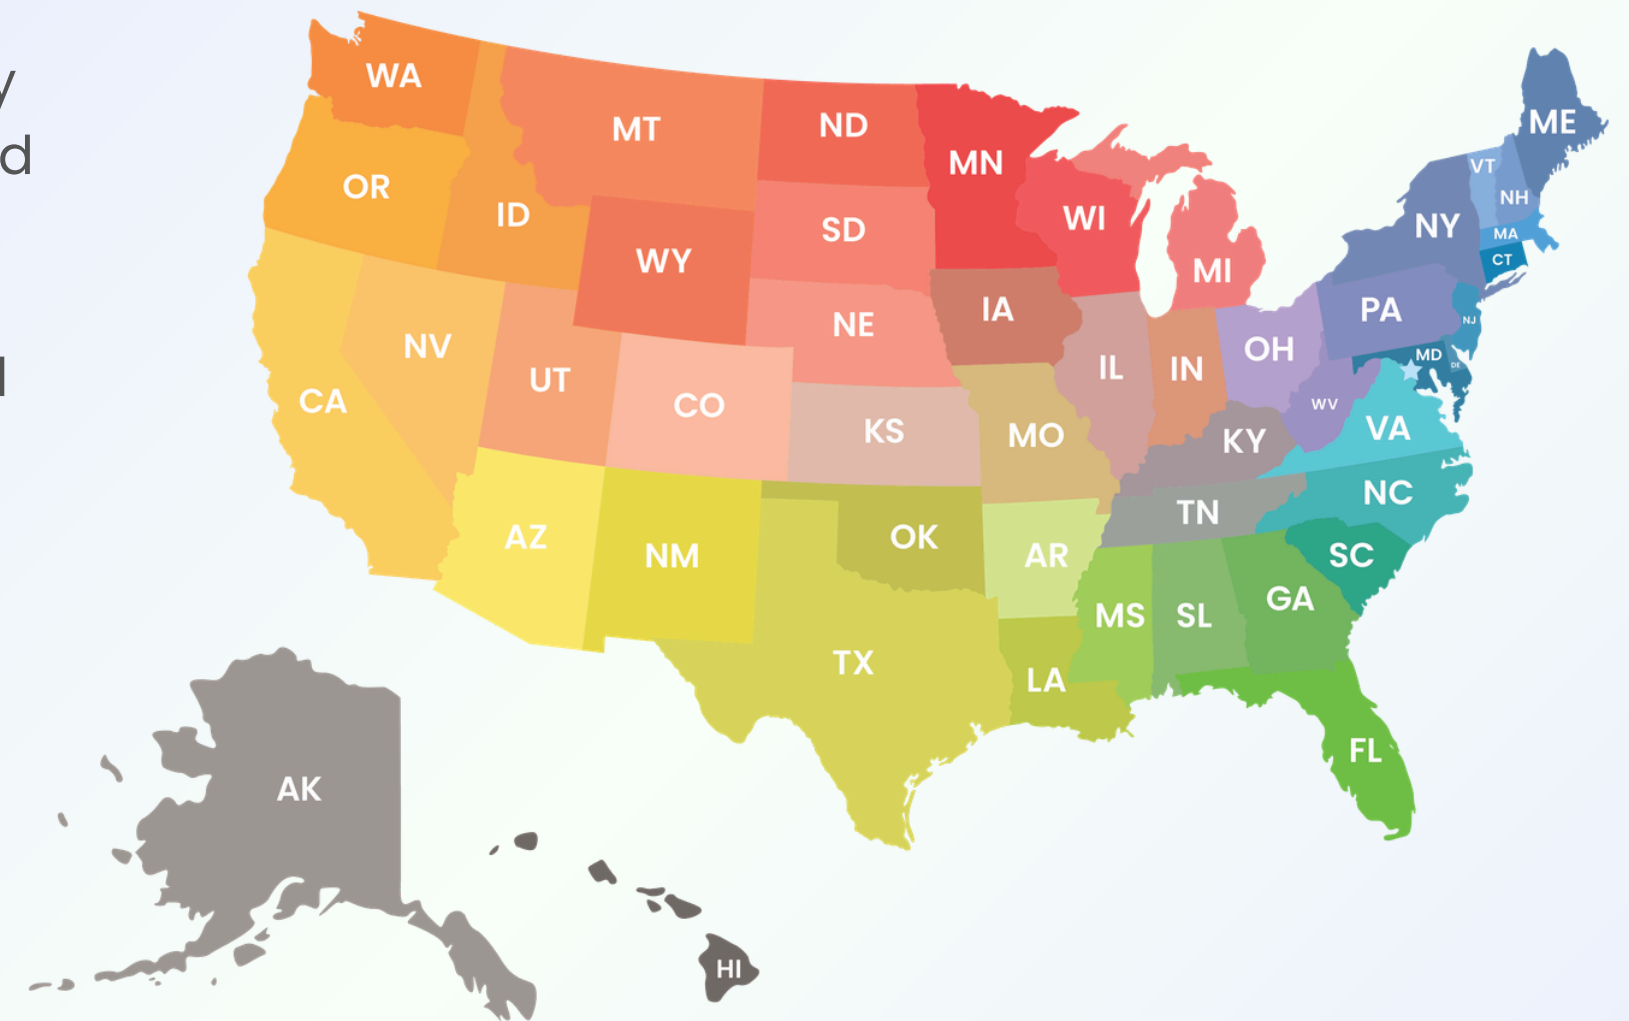

A Major Turning Point

Invested in equipment, transforming into XDENT LAB. Specialized in C&B restorations, focusing on the U.S. market.

2024

Expansion at Kizuna

Developed a manufacturing facility in Kizuna. Specialized in Removables, enhancing service capacity.

We build ourselves on the values of **Trusted. Commitment. Quality.**
That foundation helps us keep saying
“From **Proudly Made in Vietnam** to **Go Global**”

Our Mission

We aspire to build XDENT LAB into a **Global & Enduring** company.
Top 10 Dental Lab service providers in the world.

Our Vision

We aspire for the national brand

“Made in Vietnam”

to become a trusted choice
for Dental labs and Clinics
worldwide.

Business philosophy

TRUST

We always uphold Trust as our guiding principle in all business activities.

COMMITMENT

We build our Commitment to position ourselves as the partner of choice for long-term collaboration.

QUALITY

We manage production by building systematic processes to ensure Consistent Quality.

Our Core Values

Part of our DNA

01.

Kindness – We believe that "Kindness" is inherent in everyone. We want to promote Kindness through daily work: **Think good, do good.**

02.

Compliance – We believe that Compliance is an important factor in production: Compliance with procedures, Compliance with regulations. Compliance helps us create **consistent quality** products. Compliance helps us have a professional working environment.

03.

Dedication – We believe that the quality of being dedicated to our customers, partners and employees is the most important. That helps our Partners see us as a **trusted partner**. It is the foundation that helps us provide excellent customer service.

04.

Speed – We understand that speed in production is a competitive factor, reflecting professionalism and commitment to our customers. Ensuring speed allows us to meet deadlines, maintain stability, and deliver exceptional service, **setting us apart** in the industry.

05.

Savings – "A small leak will sink a great ship." Small inefficiencies in production, if left unchecked, can lead to significant losses. We always strive for smart and effective savings by using materials efficiently, **streamlining operations**, and eliminating waste, while still ensuring the highest quality.

What make

WE

Different

We place a strong emphasis on building and strictly adhering to our QA/QC system to ensure consistent quality. We understand that maintaining consistent quality is one of the biggest operational challenges dental labs face when outsourcing.

Consistent Quality

Personalized Customer Service

Each customer care consultant works closely with a dedicated group of clients, understanding their workflows and specific needs to provide consistent support, easy communication, and tailored solutions.

A man with dark hair, wearing glasses and a white face mask, is shown in profile, working on a large industrial machine. He is wearing a white t-shirt. The background is a dark, industrial setting with various parts of the machine visible.

Competitive Price

We optimize costs through efficient production management, standardized processes, and maximizing our production capabilities, allowing us to offer competitive pricing while maintaining consistent product quality. Our competitive pricing comes from operational efficiency and production optimization, not from cutting corners on quality.

What

WE

Promise

Our Commitment

- Commit to Large-Scale Manufacturing, high volume, **Remake rate < 1%**
- Commit to a **5-year Warranty**
- Commit to a **Competitive Price**

Register

 **FDA Registered**

1. CASE SUBMISSION

Case Submission

- Portal (Magic Touch Web App)
- WeTransfer

Quick communication:

- Email
- WhatsApp

2. CAD DESIGN

We accept .stl files
from most scanners:
Ex: iTero, Medit, Trios,
Shinning 3D, Dexis,
Carestream, Dentsply
Sirona,...

3. PRODUCTION

Turnaround Time

- Digital Impression:
2~3 business days in lab

2~3 Days in Lab

4. SHIPPING

International Logistics

- UPS, FedEx
- 3~4 days shipping to
U.S.

Press Release

Proud to Be a Strategic Partner of Evident

We are proud to be a strategic partner of Evident, one of the world's leading providers of digital design solutions for dentistry.

The partnership between Evident and XDENT LAB creates a powerful synergy between digital design technology and large scale manufacturing capability. Evident's AI integrated CAD solution connects seamlessly with XDENT LAB's production process, helping to optimize workflow, improve consistency and efficiency, and meet the demands of large scale production expansion.

Through the combination of XDENT LAB Vietnam and Evident, we aim to build a smart, efficient, and reliable Lab to Lab ecosystem.

Newsbriefs

Apex Dental Laboratory Group Exclusive Provider of Lumineers, Snap-On-Smile

Apex Dental Laboratory Group is now the exclusive provider of Lumineers and Snap-On-Smile through Robertson Dental Laboratory in Lumpoc, CA, one of the 18 laboratories in its network. Apex also assumes responsibility for any warranty coverage of prior completed cases (within warranty guidelines). "We are extremely excited to bring Snap-On-Smile and Lumineers to Apex. We look forward to further growing these brands through our network of laboratories as well as working with other labs who have clients requesting these products," says Travis Zick, Director of Mergers & Acquisitions for Apex. For details, call 800-365-3111 or email sales@apexdentalgroup.com.

Dentsply Sirona and Detax Resins Validated for HeyGears Printers

HeyGears has validated Dentsply Sirona's Digi-Bond 4K polymer resin for its Ultra-AID 4K printers. HeyGears also validated workflow using Sirona's material, premium and eco-friendly Lucitone Digital Resin. Digital IPN is the only resin as the

HeyGears has also validated Detax FREEPRINT+ temp for temporary crowns and bridges and FREEPRINT denture resin for denture bases for its UltraCrab AID 3D printer and UltraCrab PCT 3.0 post-curing unit. Both materials are light-curing and biocompatible and offer low viscosity for reduced waste, easy cleaning and excellent resistance to cond conditions. Movers & Shakers

Steve Hoofard, CDT, FAACD, Owner, Hooded Designs, Hemet, OR, earned the Accredited Fellow credential from the American Academy of Cosmetic Dentistry (AACD), the highest level of achievement for AACD members. A second-generation technician, Hoofard is a clinical and oral examiner and board member for the AACD as well as an editorial reviewer for dental publications. He will be honored by the AACD at its annual Scientific Session in April in San Diego.

Assistant welcomes Jesse Smith as Sales Manager. Smith has a strong background in customer service and over 15 years' experience in the dental laboratory industry, working as Equipment Sales Manager at Tallmadge and Western Sales Manager at Cadilla.

Casey Baldwin joins Procter as Director of Technical Sales, responsible for leading the company's technical needs and enhancing collaboration across its sales and customer support teams. Baldwin has 18 years of experience in the dental lab industry.

Nowak Dental Supplies welcomes Marybeth Starr as National Director of Brand and Customer Experience. Starr has more than 20 years of experience in the dental industry and a strong background in sales, marketing and brand leadership, previously working for Harvest Dental as the Head of Brand Promise.

XDENT LAB Enters U.S. Market, Opens Second Location

XDENT LAB, founded in 2010 and based in Vietnam, is offering outsourcing services to the U.S. market. FDA registered and ISO certified, the lab's services include full-arch restorations, implant crowns and bridges, custom abutments and removable dentures. It has over 100 employees and now has two locations, the first in Ho Chi Minh City and the newer one in Long An, dedicated to removable denture production. "Our new facility will significantly boost XDENT LAB's manufacturing capacity, enabling large-scale production and optimizing delivery times, thanks to its strategic location," says Alex Tran, CEO. "This expansion represents a key milestone in XDENT LAB's sustainable growth strategy, strengthening our position as a trusted partner in the U.S. market."
